

# 1-866-407-6190 Singapore Airlines Miami Office

**Singapore Airlines does not operate a standalone downtown or Miami city ticket office.** Passenger support for travellers in the Miami area is provided through official airline reservation channels and airport services at **Miami International Airport (MIA)**, where international flights and airline customer service desks serve passengers close to departure.

---

## Singapore Airlines Miami Office – Overview

While there is no dedicated Singapore Airlines office in downtown Miami, the airline supports passengers through:

- **Airport check-in and customer service counters at Miami International Airport (MIA)**
- **Official Singapore Airlines phone support**
- **Online support via the Singapore Airlines website and app**

This approach is common for international carriers that operate from specific gateway airports instead of multiple city offices.

---

## Singapore Airlines Miami Services at Miami International Airport (MIA)

Passengers flying Singapore Airlines or connecting through partner networks in the Miami area primarily use the **Miami International Airport** for airport-based assistance. At MIA:

- Singapore Airlines operates **international flight services** that involve check-in desks and passenger support
- Passenger services are handled at **international terminal counters**, with airline staff available for travel-day assistance

Airport counters at MIA handle:

- Flight reservations and ticketing support
- Airport check-in and boarding pass issuance
- Flight changes, cancellations, and rebooking
- Baggage service (drop, lost/delayed assistance)

- ✓ International travel document and visa checks
- ✓ Special assistance (wheelchairs, children, medical needs)
- ✓ KrisFlyer loyalty programme enquiries
- ✓ Seat selection and upgrades

**Note:** Singapore Airlines' physical counters and presence at MIA vary by flight schedule; it's best to check with Singapore Airlines ahead of travel for specific counter locations and hours.

---
